ForTheRecord® (FTR) releases Microsoft Windows® 7 compatible versions of FTR Gold® product line

Phoenix, AZ, May 28, 2010 — ForTheRecord (FTR), a global leader in digital recording and content management solutions for judicial and public safety venues, has released new Microsoft Windows 7 compatible versions of the FTR Gold family of applications comprising of FTR Reporter™, FTR Log Notes®, FTR Monitor™, FTR Mixer™, TheRecord™ Manager and TheRecord™ Player.

“A number of FTR customers are rolling out Windows 7 across their organizations, so it was imperative for us to have our flagship product line compatible with this operating system,” said Daniel Bennett, Executive Vice President of FTR. “Enhancing the entire FTR Gold suite, to meet this requirement in a timely manner reflects FTR’s continued commitment to meeting the evolving needs of our core market and customer base.”

Throughout 2010, FTR plans to continue updating its other product lines to be Microsoft Windows 7 compatible alongside continued investment in new product development.
